¹ Except for Balearic and Manx

² Only when there is evidence that the bird is of wild origin and not from a reintroduction project or otherwise escaped or released.

³ White-spotted Bluethroat *Luscinia svecica cyanecula* is a BBRC subspecies.

In addition, descriptions are required for some subspecies, including: 'Black Brant' (*B. b. nigricans*), 'Kumlien's Gull' (*L. g. kumlieni*), 'Continental' Coal Tit (nominate *P. a. ater*), 'Siberian' Chiffchaff (*P. c. tristis*), 'Northern' Willow Warbler (*P. t. acredula*) and Yellow Wagtail forms *M.f. thunbergi* and *M. f. flava*. However, descriptions are not required for the following subspecies: 'Pale-bellied' Brent Goose (*B. b. hrota*), nominate Herring Gull (*L. a. argentatus*), *intermedius* Lesser Black-backed Gull, 'Greenland' Wheatear (*O. o. leucorhoa*) and nominate White Wagtail (*M. a. alba*).

Descriptions may also be required for any species seen in unusual circumstances or on an unusual date. Records of unusual species should be submitted on the forms available from the SOS website or from the Recorder. Completed forms should be sent to the Recorder, preferably by e-mail although postal submissions are also acceptable.

Reports of national rarities as defined by the British Birds Rarities Committee (BBRC) should be submitted to the Recorder either in the same format as above or on BBRC forms available from the Recorder or via the BBRC website <https://www.bbrc.org.uk/submit-a-sighting>.
